This infographic illustrates the results of a RED C opinion poll, commissioned by European Movement Ireland to ascertain the views of Irish people on a variety of topics related to Irish-EU relations. This year's Ireland and the EU Poll fieldwork is being carried out in two tranches, the first during 18 - 23 March 2022, a special edition of the poll to mark the 50th anniversary of Ireland's vote to join the EEC in May 1972. The second tranche will be conducted during the summer and released in autumn 2022. Both polls are being conducted among a representative sample of 1,001 people aged 18 and over from across the country. A series of statements were read out and respondents were asked by Red C to Agree Strongly, Agree Slightly, Disagree Strongly or Disagree Slightly. We have grouped responses into Agree and Disagree and have included when respondents said Don't Know.

Ireland should be part of increased EU defence and security co-operation
